

# Frog 蛙

**1** Begin with the shaded side facing up. Fold in half, corner-to-corner, in both directions. Unfold. Turn the paper over.

**2** Rotate the paper. Fold in half, side-to-side, in both directions. Unfold.

**3** Rotate the paper. Collapse by bringing the four corners together and flattening.

**4** The completed step, with image enlarged. Fold the outer folded edge of the top flap into the center.

## COMPLEX LEVEL

**5** Make a squash fold.

**6** The completed step.

**7** Fold the left side of the squash fold over the right side.

**8** Repeat steps 4 through 7 on the other three layers.

**9** The completed step, with image enlarged. Fold the top layer in half by bringing the left side over the right side. Turn the model over and repeat on the other side.

**10** Fold the lower left edge to the center vertical crease. Repeat with the right edge.

**11** Make a petal fold by lifting the bottom edge of the top flap while bringing the sides of the layer below towards the center, and flattening with the point up.

**12** The completed step. Repeat steps 10 and 11 on the other three layers.

**13** Bring the outer edges of the top layer to the center vertical crease.

# COMPLEX LEVEL

**14** The completed step. Turn the model over.

**15** Repeat step 13.

**16** The completed step. Fold the top layer in half by bringing the left side over the right side. Turn the model over and repeat on the other side.

**17** Repeat step 13 on the front and back.

**18** Make an inside-reverse fold on the upper right layer by bringing the point inside the layer. You may pre-create the angle shown for easier folding. There is no precise landmark for this fold.

**19** Repeat step 18 on the left side, making sure to align the results with the prior inside-reverse fold.

**20** Make an inside-reverse fold on the upper right layer by bringing the point inside the layer. You may pre-create the angle shown for easier folding. There is no precise landmark for this fold.

**21** Repeat step 20 on the left side, making sure to align the results with the prior inside-reverse folds.

**22** Make two inside-reverse folds. You may pre-create the angle shown for easier folding. There is no precise landmark for this fold.

**23** Make two inside-reverse folds. You may pre-create the angle shown for easier folding. There is no precise landmark for this fold.

**24** Make two inside-reverse folds. You may pre-create the angle shown for easier folding. There is no precise landmark for this fold.

**25** Make two inside-reverse folds. You may pre-create the angle shown for easier folding. There is no precise landmark for this fold.

**26** The completed steps.

**27** Inflate the frog by blowing into the hole at the bottom while gently pressing down on the top.

**28** The completed Frog. By pressing gently on the base of the spine you can make it hop a little.
